Space 3

## Colors:

RAL color choice, Okite-Quartz finish, ALPI wood laminate, or design collection finish type

OKITE

ALPI

## Key Features:

- ◇ High Performance: double evaporator/ automatic reverse cycle defrost/front glass equipped with assisted lift up system
- ◇ Visibility: extraordinary enhancement of displayed products
- ◇ Customizable: many great options for customizing front and side panels

*Space exemplifies the Italian style expressed by Ciam. It's design is simply perfect down to the smallest detail. Two different heights: Space 2 (height 134cm) and Space 3 (height 150cm).*

*Special prestige finishes such as chrome profiles and an extra shiny, steel structure (optional) combine with the latest generation of LED lighting to exalt the display products. Easy and safe front opening glass; the front glass can be opened upright with a particular system of gas pistons that add support and ensures safety.*

*The design of the upper glass structure allows for uniform lighting throughout.*
